Sec. 404 Applications for a Building Permit shall be made in writing on a form provided by or otherwise acceptable to the Code Enforcement Officer. The application shall be signed by the owner of the property where the work is to be performed, or by an authorized agent of the owner. If the Code Enforcement Officer determines that such change warrants a new or amended Building Permit, such change shall not be made until and unless a new or amended Building Permit reflecting such change is issued.

Sec. 409 Building Permits shall become invalid unless the authorized work is commenced within 6 months following the date of issuance. Building Permits shall expire 12 months after the date of issuance. A Building Permit which has become invalid or which has expired pursuant to this Section may be renewed upon application by the Permit Holder, payment of the applicable fee, and approval of the application by the Code Enforcement Officer.

Sec. 410 If the Code Enforcement Officer determines that a Building Permit was issued in error because of incorrect, inaccurate, or incomplete information, or that the work for which a Building Permit was issued violates the Uniform Code or the Energy Code, the Code Enforcement Officer shall revoke the Building Permit or suspend the Building Permit until such time as the Permit Holder demonstrates that (1) all work then completed is in compliance with all applicable provisions of the Uniform Code and the Energy Code and (2) all work then proposed to be performed shall be in compliance with all applicable provisions of the Uniform Code and the Energy Code.

Sec. 411 The fee specified in or determined in accordance with the provisions set forth in Article 16 (Fees) of this Local Law must be paid at the time of submission of an application for a Building Permit, for an amended Building Permit, or for renewal of a Building Permit.

Work not in compliance with any applicable provision of the Uniform Code or Energy Code shall remain exposed until such work shall have been brought into compliance with all applicable provisions of the

Uniform Code and the Energy Code, re-inspected, and found satisfactory as completed.

Sec. 504 The fee specified in or determined in accordance with the provisions set forth in Article 16 (Fees) of this Local Law must be paid prior to or at the time of each inspection performed pursuant to this Article.

ARTICLE 6. STOP WORK ORDERS:

Person taking part or assisting in work affected by the Stop Work Order, personally or by registered mail; provided, however, that failure to serve any Person mentioned in this sentence shall not affect the efficacy of the Stop Work Order.

Sec. 604 Upon the issuance of a Stop Work Order, the owner of the affected property, the Permit Holder, and any other Person performing, taking part in, or assisting in the work shall immediately cease all work which is the subject of the Stop Work Order.

Sec. 605 The issuance of a Stop Work Order shall not be the exclusive remedy available to address any event described in this Article, and the authority to issue a Stop Work Order shall be in addition to, and not in substitution for or limitation of, the right and authority to pursue any other remedy or impose any other penalty under Article 15 (Violations) of this Local Law, or under any other applicable Local Law or State law or regulation, including, but not limited to the New York State Executive Law. Any such other remedy or penalty may be pursued at any time, whether prior to, at the time of, or after the issuance of a Stop Work Order.

ARTICLE 7. CERTIFICATES OF OCCUPANCY & COMPLIANCE:

Sec. 701 A Certificate of Occupancy and/or Certificate of Compliance shall be required for any work which is the subject of a Building Permit, and for all structures, buildings, or portions thereof, which are converted from one use or occupancy, classification, or sub-classification to another. The Code Enforcement Officer may include in a Temporary Certificate such terms and conditions as he or she deems necessary or appropriate to ensure safety or to further the purposes and intent of the Uniform Code. A Temporary Certificate shall be effective for a period of time, not to exceed 2 months, which shall be determined by the Code Enforcement Officer and specified in the Temporary Certificate. During the specified period of effectiveness of the Temporary Certificate, the Permit Holder shall undertake to bring the building or structure into full compliance with all applicable provisions of the Uniform Code and the Energy Code.

Sec. 705 If the Code Enforcement Officer determines that a Certificate of Occupancy and/or Certificate of Compliance, or a Temporary Certificate was issued in error because of incorrect, inaccurate or incomplete information, or due to an error in issuance committed by the Code Enforcement Officer or any Inspector, and if the relevant deficiencies are not corrected to the satisfaction of the Code Enforcement Officer within such period of time as shall be specified by the Code Enforcement Officer, the Code Enforcement Officer shall revoke or suspend such certificate.
