

Genoa Comprehensive Planning Group Notes

Monday, 10 November 2008

Present: John Berry, Peg Bradley, John Bruce, Dan DalCais, Glenn Miller, Ralph Nettleton, Anto and Roberta Parseghian, Marilyn Ramsden, Beth White, Karin Wikoff.

Each person introduced himself or herself. Discussion of the 25 surveys received to date ensued, along with ideas for increasing the number of completed surveys. It was decided that we would try to hand them out near the polls on Election Day. Ralph Nettleton will coordinate with Brenda Tyrrell of the Election Board and Sue Moss, Town Clerk (for copying) to make this happen.

Committee members each took a few surveys and the totals to date were tallied and comments read aloud. A few trends were tracked in this small sample – There were 7 mentions of negative effects of CAFOs, 4 mentions of water quality, 3 mentions of truck traffic and 2 mentions of internet accessibility. We will see if these continue to be top issues when we have received a larger sample of surveys.

Respectfully Submitted,
Karin Wikoff, Secretary
