The Public Hearing was called to order at 7:00 p.m. by Deputy Supervisor Cheryl Shields with the Pledge of Allegiance to the Flag.

Mr. Pecher was recognized and asked the Board why the Town is proposing a water district update and boundary change and expansion. The answers from the Board are as follows: To consolidate the water line and bring in the Special Contracts so that the Town of Genoa has one water district. Improvements are needed to the existing system. The Town needs a better accounting system, a better management system and an asset management system.

Mr. Pecher asked if this was being done for the convenience of the Town. The answer was no. The County had suggested the Town have a second water source and improvements must be made for this to happen if it is needed. The Cayuga County Health Department is aware of this project.
